Re: Declaration for Remote Learning Option

Dear Tri-Township Parents and Students,

Tri-Township believes our first mission for students is to keep them safe. To that end, we are providing a remote learning option for our families. This document outlines the details of how this alternative learning contract will work.

- In order to choose this remote learning option, students must have daily access to a reliable internet connection. This is necessary as our remote approach will be scheduled and involve direct instruction delivered through video. Please contact your building principal if you require assistance to achieve this.
- Consistent daily attendance is a pre-requisite for remaining a remote learning student. Tri-Township retains the right to require a student to return to in-person learning. Every student has specific learning needs and if they are not being met for any reason, Tri-Township will make a decision that improves any student's learning outcome. Remote learning attendance is every bit as important as in-person learning and therefore we must require daily on-time attendance from our remote students. Parents will be given suitable notice if a change is necessary.
- In order for remote learning to be successful, an adult at home will have to be heavily involved with the child and the teacher. Due dates and times, given by the teacher, must be adhered to if remote learning is to be a continued option.
- There are myriad avenues for contacting your teacher, (email, phone calls, contact office), it is the responsibility of the student and the parent to reach out with any questions or concerns and a Tri-Township employee will work diligently to solve the issue quickly.
- If choosing the remote learning option, you must declare your intentions by July 31. Once the choice is made, the student will remain a remote learner for the duration of the 9 week grading period. The only change to this assignment prior to the ending of the grading period will be if the school deems it unsuccessful.

Please contact your building principal by email or phone call if you would like to request the remote learning option.
